

Massachusetts College of Liberal Arts (MCLA)
Travel/Reimbursement Policy

Reviewed June 2022

Purpose: This document outlines the approved process for college business-related travel and reimbursement.

Policy: MCLA will reimburse employees for all, or part of, business-related travel depending upon contract language and administrative decisions. All purchases, including those for travel and other business purposes, should be made in the most fiscally responsible way. All out of pocket expenses are reimbursed after the date of travel on the appropriate form. College credit cards are available to faculty and staff for necessary or required prepaid travel expenses and can be reserved through the Administration & Finance Office (A&F). To obtain the college credit card, the traveler must email [Viktorija](#) or [Bill](#) with VP approval attached or noted in the email. Employees with a college procurement card issued in their name should not use personal payment methods for college business and/or travel expenditures.

Travel approval: All College related travel must be approved by the employee's immediate supervisor and/or department head prior to embarking on travel; email approval is sufficient. This approval sanctions the employee's leave from campus during the time of travel and event/meeting. This approval also ensures coverage under the college's liability insurance (see additional auto insurance requirement below for travel by car in a college vehicle).

Means of Travel

By car: For all travel it is most economical to use college vehicles. College vehicles are available either from A&F or Public safety (vans) for large groups. To request an A&F vehicle, the traveler must email [Viktorija](#). All offices have access to college vehicles. Travelers are required to submit a [Driver Form](#) a minimum of three business days before the first travel date if they will drive a college vehicle. Should MCLA's auto insurance company deem a submission unacceptable for coverage based on their review of the driving record, we will be notified of the declination (not the reason) and that individual will be ineligible to drive college vehicles.

If a college vehicle is not available and your trip is less than 100 miles round trip, your personal vehicle may be used. If that is not an option and for all other travel, a rental car should be rented through Enterprise Rental in Pittsfield (413-443-6600). Travelers should contact [Bill](#) prior to their first car rental for details about the rental process. These options, including use of personal vehicle, should be discussed with your immediate supervisor during the travel approval process.

By air, train, or bus: This travel must be pre-approved by your immediate supervisor and/or Vice President. College employees should travel in coach class and depart from the closest

practical airport or station. The choice of airport or airline should be determined by cost of airfare, distance from the traveler's home, or distance from the college.

Reimbursement

General

After traveling, if reimbursement is required, a [Travel Reimbursement Form](#) must be completed and signed by the approving supervisor. Travel reimbursement requests must be submitted within 15 days of travel completion to guarantee reimbursement. For non-travel-related expenditures paid out-of-pocket for college business, employees must complete a [Payment Form](#) to request reimbursement. Original, itemized receipts (not copies) are required for all reimbursements. Providing all required documentation has been received and verified by A&F, reimbursements will be made during the next payment processing cycle. Lack of documentation will delay the payment process.

For car

College vehicles should be returned with a full tank of gasoline as a courtesy for the next traveler. Drivers of the A&F vehicle should utilize the MCLA gas card to refill the vehicle. Alternatively, the cost to refill college vehicles with gasoline is reimbursable to the traveler with a receipt. If a personal vehicle is used, mileage for reimbursement will be checked using google maps. Mileage will be determined by the closest starting point (either the college or your home address) to the destination and back. MCLA reimburses for mileage at the prescribed Federal (IRS) rate.

Meals, and Other Costs

All reimbursements require original, itemized receipts as proof. Documentation of travel and/or meeting information is required, including location, events attended, agenda, and meeting attendees.

Meals: When meals are reimbursable under this policy or under any applicable collective bargaining agreement, they will be reimbursed at the rates then in force under the applicable collective bargaining agreement.

Reimbursement for meals purchased during travel will be based upon receipt amounts submitted **NOT** to exceed the per diem rate described on the travel reimbursement form. Meal reimbursement will not be provided if conference or meeting registration states that such meals are provided. Special events at conferences will not be reimbursed unless pre-approved.

Meal reimbursement requests for special events, meetings, groups, and/or candidate interviews must include the names of attendees and an agenda submitted with the receipt(s). Prior VP approval (such as an email approval) should also be submitted with the receipt(s). It is expected that these expenses will be cost effective and reasonable.

Tips given to waitstaff may not exceed the standard rate of 18% for dine-in service and 10% for delivery. Tipping on pickup meals will not be reimbursed.

Expenses which are not reimbursable: Alcohol, entertainment expenses (i.e. hotel movies), third party delivery fees (example: DoorDash or Uber Eats fees), tips above the approved rate, credit card fees, personal telephone calls, laundry, traffic fines, parking tickets, or personal trip insurance.

Other: A&F staff will review travel reimbursement receipts, mileage, toll receipts, meal receipts, etc. Employees sign the reimbursement form confirming that the information is accurate. The College reserves the right to request additional information to confirm the accuracy of the reimbursement request. Knowingly submitting a falsified reimbursement form or attempting to be reimbursed for travel not completed will result in appropriate disciplinary action under the applicable collective bargaining agreement.
