INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Massachusetts College of Liberal Arts Foundation, Inc.
North Adams, Massachusetts

Report of Financial Statements

We have audited the accompanying financial statements of Massachusetts College of Liberal Arts Foundation, Inc. (a component unit of the Massachusetts College of Liberal Arts) (the "Foundation"), which comprise the statements of financial position as of June 30, 2016 and 2015, the related statements of activities and changes in net assets, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Foundation as of June 30, 2016 and 2015, and the respective changes in net assets and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 29, 2016 on our consideration of the Foundation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Foundation's internal control over financial reporting and compliance.

Notes to the Financial Statements

June 30, 2016 and 2015

Note 1 - **Summary of Significant Accounting Policies**

Organization

The Massachusetts College of Liberal Arts Foundation, Inc. (the "Foundation") is a nonprofit organization, whose purpose is to receive funds for aiding and participating in the development and improvement of the Massachusetts College of Liberal Arts (the "College"). In addition, the Foundation provides scholarships and financial aid to students attending the College. The purposes of the Foundation are promoted through educational and research programs directed towards individuals, organizations (private and governmental) and the community. The Foundation operates primarily in Massachusetts and receives most of its revenues from donations.

Management Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, and expenses. The actual outcome of the estimates could differ from the estimates made in the preparation of the financial statements.

Basis of Accounting

The accompanying financial statements have been prepared utilizing the accrual basis of accounting in accordance with generally accepted accounting principles.

The Foundation reports information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted, and permanently restricted. Assets, revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions.

Accordingly, net assets of the Foundation and changes therein are classified and reported as follows:

Unrestricted net assets - Net assets that are not subject to donor-imposed stipulations.

Note 1 - **Summary of Significant Accounting Policies - Continued**

Basis of Accounting – Continued

Temporarily restricted net assets - Net assets subject to donor-imposed stipulations that may or will be met, either by actions of the Foundation and/or the passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets in the statement of activities and changes in net assets as net assets released from restrictions.

Permanently restricted net assets - Net assets subject to donor-imposed stipulations that must be maintained permanently.

Cash and Equivalents

The Foundation considers all highly liquid instruments with an original maturity of three months or less to be cash equivalents. Certain banking institutions that hold the Foundation's funds, obtained specific depository insurance to mitigate the Foundation's credit risk associated with funds deposited in excess of federally insured levels. At June 30, 2016 and 2015, the carrying amount of the Foundation's deposits was \$1,814,317 and \$2,059,255, respectively, with the entire balance insured by specific depository insurance.

Contributions

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted contributions.

Unconditional Promises to Give

Unconditional promises to give are recorded when made and considered to be available for unrestricted use unless specifically restricted by the donor. A present value is determined on all promises when it is determined the promise will not be received within a year, or it cannot be determined when it will be received.

Investments

Investments are recorded at fair market value.

Income Taxes

Accounting principles generally accepted in the United States require an entity to assess the probability that a tax position has a “more likely than not” sustainability after review by tax authorities. If a tax position is deemed not to meet this threshold, any unrecognized tax benefits and costs are estimated and recognized. Tax returns are routinely open for review by the tax authorities for three years from their due date. In certain circumstances, the statute of limitations may remain open indefinitely. As a not-for-profit entity exempt from income taxes, the Foundation may, however, be subject to tax on unrelated business income.

The Foundation has been notified by the Internal Revenue Service that it meets the qualifications to be classified as a tax exempt entity under section 501(c)(3) of the Internal Revenue Code. However, rental income from debt-financed property is not directly related to the Organization’s tax-exempt purpose and is subject to federal and state taxation as unrelated business income. Income taxes for such unrelated business income were approximately \$0 and \$2,200 in 2016 and 2015, respectively.

In-Kind Support

Donated materials are recorded at fair market value as both revenue and expense in the statement of activities and changes in net assets. The Foundation receives a significant amount of contributed time from volunteers that does not meet the requirements of a monetary contribution and accordingly, the value of these services has not been reflected in these financial statements.

Property and Equipment

Purchased property and equipment are capitalized at cost. Donations of property and equipment are recorded as contributions at their estimated fair value. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to purchase property and equipment are reported as restricted contributions. Absent donor-imposed restrictions regarding how long those donated assets must be maintained, the Foundation considers them to be unrestricted assets when they are first placed in service as instructed by the donor. Equipment is depreciated using the straight-line method. The costs of normal maintenance and repairs that do not add value or materially extend the useful life of the asset are expensed as incurred.

Endowment Funds

Massachusetts law requires not-for-profit organizations and other entities that receive donor contributions to operate in conformity with its enacted version of the Uniform Prudent Management of Institutional Funds Act (UPMIFA). In the absence of overriding explicit donor stipulations, UPMIFA prescribes guidelines for expenditures of donor restricted funds and focuses on the prudent spending of the entire donor restricted fund, including accumulated earnings, rather than the historical dollar concept. UPMIFA's requirement that amounts may be appropriated for expenditure only after careful consideration of the seven factors outlined in its spending guidelines is bolstered by its intent to have the governing board of the organization make its decisions in light of the donor's intended purpose of the endowment fund, stipulated or otherwise.

UPMIFA requires donor restricted funds to be classified in accordance with their restrictions. Gains on endowment funds and other amounts permitted to be disbursed in accordance with the donors' stipulations must be classified as temporarily restricted net assets until approved for expenditure by the organization. Earnings on endowment funds that have not yet been specifically approved for expenditure, but will be, must be classified as temporarily restricted net assets until approved for expenditure by the organization. Unconditional promises to give that are restricted by donors for investment in perpetuity are not considered endowment net assets until the proceeds have been received and added to the investments held for endowments. These assets are still classified as permanently restricted net assets.

The Foundation's board classifies donor restricted funds and earnings thereon in accordance with applicable state law as interpreted by the Attorney General. Endowment fund assets are appropriated for expenditure in accordance with the directions and/or intent of the donor. Unrealized losses that reduce fair value to an amount below the donated value are charged to unrestricted net assets. Unrealized gains will be classified as unrestricted net assets to the extent fair value again equals donated cost, at which time unrealized gains will be classified in accordance with the Foundation's spending policy.

Note 1 - Summary of Significant Accounting Policies - Continued

Endowment Funds - Continued

The Foundation's investment policy for endowment funds is intended to preserve capital to the extent possible and provides a reasonably predictable stream of revenue to provide appropriate funding to the programs supported by endowment funds.

The Foundation is responsible to maintain the value of an endowment that it manages at its original value, unless otherwise determined by the Board of Directors. When the fair value of an endowment fund's assets decrease below the original value of the donation, unrestricted funds are transferred to the endowment fund in an amount sufficient to restore the value. The transfer is returned to unrestricted funds as the endowment fund recovers its value.

Charitable Gift Annuities

Under charitable gift annuity contracts, the Foundation receives irrevocable title to contributed assets and agrees to make fixed period payments over the remaining life of the donor and secondary beneficiary. Contributed assets are recorded at fair value at the date of receipt and a liability is established for the present value of future annuity payments. The assets to fund these liabilities are maintained in separate accounts and are included in investments on the Statement of Financial Position.

At the date the annuity is entered into, the excess of contributed assets over the annuity liability is recorded as unrestricted contribution revenue. Any subsequent gain or loss resulting from the computation of the liability for the present value of future annuity payments performed on an annual basis is recorded as an unrestricted change in the value of charitable gift annuities.

Upon termination of the annuity contract, any remaining liability is recognized as change in value of charitable gift annuities on the Statement of Activities and Change in Net Assets.

Reclassifications

Certain amounts in the 2015 financial statements have been reclassified to conform to the 2016 presentation.

New Accounting Pronouncements

ASU 2015-03, *Simplifying the Presentation of Debt Issuance Costs*, was issued by the Financial Accounting Standards Board in April 2015 with an effective date for fiscal years beginning after December 15, 2015. The purpose of this amendment is to reduce complexity in accounting standards and to coincide the treatment of debt issuance related costs. The amendments in this Update require that debt issuance costs related to a recognized debt liability be presented in the balance sheet as a direct reduction from the carrying amount of the related debt, consistent with debt discounts. Implementation of this amendment is to be applied retrospectively. Early application is permitted. Management has not begun its review of the standard, but does not expect implementation to have a material effect on financial position or results of operations.

ASU 2016-14, *Presentation of Financial Statements of Not-for-Profit Entities*, an amendment to Topic 958, Not-for-Profit Entities, was issued by the Financial Accounting Standards Board in June 2016 with an effective date for fiscal years beginning after December 17, 2017. The purpose of this amendment is to improve the transparency and utility of information contained in the financial statements of such entities. Net assets will be presented in two categories, net assets with donor restrictions and net assets without donor restrictions, as opposed to the current three categories. Additional information and disclosures will be required to enable a reader to more readily understand liquidity limitations due to restrictions on net assets. Early application is permitted. Management has not begun its review of the standard, but does not expect implementation to have a material effect on financial position or results of operations.

Note 4 - **Fair Value Measurements**

Financial Accounting Standards Codification (ASC) 820-10 establishes a framework for measuring fair value, which provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The highest priority is assigned to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Foundation has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none"> • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

MASSACHUSETTS COLLEGE OF LIBERAL ARTS FOUNDATION, INC.

(a component unit of Massachusetts College of Liberal Arts)

Notes to the Financial Statements - Continued

June 30, 2016 and 2015

Note 4 - Fair Value Measurements - Continued

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2016.

Common stocks, equities, corporate bonds and U.S. Government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual Funds: Valued at the net asset value (NAV) of the shares held by the Foundation at year end.

Certificates of deposit: Valued based upon interest accumulated at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Foundation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine if the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors of
Massachusetts College of Liberal Arts Foundation, Inc.
North Adams, Massachusetts

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Massachusetts College of Liberal Arts Foundation Inc. (a component unit of the Massachusetts College of Liberal Arts) (the "Foundation") as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise Foundation's basic financial statements, and have issued our report thereon dated September 29, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Foundation's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Foundation's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Foundation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
