MASSACHUSETTS COLLEGE OF LIBERAL ARTS ANNUAL SECURITY REPORT

POLICY FOR REPORTING THE ANNUAL DISCLOSURE OF CRIME STATISTICS

Massachusetts College of Liberal Arts (MCLA) is required by federal law to produce and make available by October 1st of each year, an annual report containing campus safety and security procedures, as well as statistics related to criminal offenses reported to the police and college officials for the last three consecutive years. The MCLA Department of Public Safety – Campus Police prepares and distributes this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. We work with many other campus departments and outside agencies, such as Residential Programs & Services, Student Affairs Division Office, the North Adams Police Department, the Pittsfield Police Department and the Massachusetts State Police, to compile the information contained in it. Specifically, campus crime, arrest, and referral statistics include those reported to the MCLA Department of Public Safety – Campus Police, designated campus officials, and the local law enforcement agencies noted above.

The MCLA Department of Public Safety – Campus Police encourages all current and future members of our community to use this report as a guide for safe practices both on and off campus. All campus community members receive an announcement via email and a written notice in their campus mailboxes that describes the report and provides locations where it can be accessed. The full text of this report can be found on the department's web site located at: http://www.mcla.edu/Student_Life/publicsafety/clery-report/index or paper copies are available in the department's offices located at 277 Ashland Street, North Adams, MA 01247.

VOLUNTARY AND CONFIDENTIAL REPORTING OF CRIME

MCLA and its Department of Public Safety – Campus Police encourage anyone who is the victim or witness to a crime to promptly report the incident to the Campus Police or a designated college official. If you are the victim of a crime and do not want to be identified or pursue action within the college conduct system or the criminal justice system, you may still want to consider making a crime report. While there is no formal policy regulating the confidential reporting of a crime at MCLA, with your assistance, the Director of Public Safety or college designee can, under certain circumstances, file a report on the details of the incident without revealing your identity. The purpose of such a report is to comply with your wish to keep the matter confidential, while taking the steps to ensure your safety and the campus community safety are maintained. With such information, MCLA can keep accurate records of the number of incidents involving students, determine if there are characteristics for a particular pattern of crime to a specific location, method or assailant, and most importantly, alert the campus if need be, to potential safety threats. Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution. *It is important to note some criminal reports may require the disclosure of victim, witness or suspect information for legal purposes.*

Massachusetts General Law Chapter 112, Section 12A.5 does require mandatory reporting of rape or sexual assault victims treated by physicians to local law enforcement agencies. MCLA Health Services and Counseling Services, while not mandated by federal, state or local laws to do so, provide information to their clients regarding the voluntary reporting of any crimes, including sexual assault, to the Department of Public Safety – Campus Police and encourage them to make such reports.

CAMPUS SAFETY

At MCLA, we take every possible step to ensure the safety and security of all our community members. Crime is a national problem and from time to time it even affects rural communities, such as the one in which MCLA is located. To try and prevent such incidents from occurring, a professionally trained Campus Police force, skilled Residence Life staff, and a responsible and informed student body and college community collaborate to enforce our safety and security procedures. MCLA and its Department of Public Safety – Campus Police strongly recommend you never take your safety for granted and adopt, adhere to, and practice safe behaviors at all times whether on or off campus.

REPORTING A CRIME OR EMERGENCY ON CAMPUS

Criminal acts, crimes in progress or other emergencies on campus should be reported immediately to the Department of Public Safety – Campus Police by dialing the MCLA Campus Emergency Line at (413) 662-5100, or by dialing 911 to notify local emergency services responders. Upon receipt of the call, Campus Police Officers are immediately dispatched to the site of the complaint or incident to take appropriate action and make arrests, if necessary. Officers prepare and submit incident reports through the Department of Public Safety – Campus Police. Reports may then be distributed to the Student Affairs Division Office, Residential Programs & Services (RPS) and to local and state police agencies, as necessary.

Criminal complaints are filed with the Northern Berkshire District Court. The District Attorney's Office handles all criminal complaints for prosecution submitted by the MCLA Department of Public Safety – Campus Police.

In addition, you may want to report any crimes that are not in progress to the following college officials:

Vice President of Student Affairs	(413) 662-5231 – 3 rd Floor, Campus Center
Associate Dean of Students	(413) 662-5231 – 3 rd Floor, Campus Center
Director, Human Resources	(413) 662-5597 – Mark Hopkins Hall
Director, Health Services	(413) 662-5421 – Mountain One Student Wellness Center
Director, Counseling Services	(413) 662-5331 – Mountain One Student Wellness Center
Director, Residential Programs & Services	(413) 662-5249 – Townhouse 89
Coordinator, Women's Center	(413) 662-5061 – 3 rd Floor, Campus Center

All crimes occurring on or in the immediate area of campus should be reported to the Department of Public Safety – Campus Police to aid in providing emergency notification and timely warning notices to the community, when appropriate, and to ensure inclusion in the annual crime statistics.

THE CAMPUS COMMUNITY'S RESPONSIBILITY

The cooperation and involvement of campus community members themselves in the campus safety program is necessary. College community members must assume responsibility for their own personal safety and the security of their personal belongings by taking common sense precautions. For example, although the campus is well lighted, any community member – male or female – may feel more comfortable using the Campus Police Escort Service when navigating the campus after dusk or during any time when they feel their safety may be in jeopardy.

Residential living spaces should be kept locked at all times and administrative or business offices should be locked at all times after normal business hours. Valuable items such as wallets, purses, electronic items, textbooks, etc. should not be left unattended where they can be seen and easily taken. Instead, they should be kept locked in a secure place. Community members should report any

suspicious individuals who they feel do not belong on campus, any unusual incidents in and around campus, or any crime to the Department of Public Safety – Campus Police immediately.

TIMELY WARNINGS

All campus community members are urged to make immediate notifications of events related to the health, safety and protection of life and property on campus to the MCLA Department of Public Safety – Campus Police, using the department's **Emergency Line at (413) 662-5100 or by dialing 911**. Personnel designated as Campus Security Authorities (*Campus Police, Residential Programs & Services staff, Student Affairs staff managing student conduct matters and student activities, and Human Resources staff*) are mandated by federal law to immediately make such notifications to Campus Police.

The Department of Public Safety – Campus Police, in conjunction with the Massachusetts College of Liberal Arts administration, makes every effort to ensure “timely warnings” regarding certain crimes that may pose an ongoing threat to the campus community or its property are distributed to the same when deemed appropriate and necessary. The purpose of such warning is to ensure the highest regard for health, safety, and the protection of life and property is maintained within the campus community.

Students, faculty, and staff will be contacted regarding such timely warning(s) through a variety of different methods. These may include telephone calls, cell phone calls, voice-mail messages, text messages, e-mail announcements, community postings, local media sources such as television and radio, direct notification through staff, and website notifications, such as the one that can be found on the MCLA Department of Public Safety – Campus Police Safety Alert page at: http://www.mcla.edu/Student_Life/publicsafety/alerts/index. The timing and method of warnings will depend on the type of crime, degree of severity of the crime, an assessment of it based on the timeliness and accuracy of available information, and the creation and implementation of an action plan that takes into account the best safety practices for making such a warning(s).

Timely warnings will typically come from the Department of Public Safety – Campus Police, as this department serves as the 24-hour, seven days a week operation on campus where reports of public safety related information are made. The department also has direct contacts with the North Adams Police and Fire Departments, as well as the Massachusetts State Police, in the event reports involving the safety of the campus community are made to them.

CRITICAL INCIDENT RESPONSE AND NOTIFICATION

MCLA has a Critical Incident Notification System composed of several methods of communication. In the event of a significant critical incident or other dangerous situation occurring on campus involving an immediate threat to the health or safety of our community members, the system is used to inform the campus of the type of incident, date, time, and location, what safety actions should be taken (evacuate, shelter in place, lockdown, stay away), and where to get additional information.

Critical incident notifications will typically come from the Department of Public Safety – Campus Police, as this department serves as the 24-hour, seven days a week operation on campus where reports of public safety related information are made. All members of the Department of Public Safety – Campus Police, as well as designated MCLA Critical Incident Response Team members, are properly trained in the procedures for generating and deploying messages through the emergency notification system.

All campus community members should make immediate notifications of events related to the health, safety and protection of life and property on campus to the MCLA Department of Public Safety – Campus Police, using the department's **Emergency Line at (413) 662-5100 or by dialing 911**. Personnel designated as Campus Security Authorities (*Campus Police, Residential Programs & Services staff, Student Affairs staff managing student conduct matters and student activities, and*

Human Resources staff) are mandated by federal law to immediately make such notifications to Campus Police.

When a report(s) of a campus emergency is received, the following procedures are generally followed.

- Campus Police Officers, along with other appropriate emergency services agencies, are immediately dispatched to the location to conduct an initial assessment.
- Once on scene, they are able to confirm the existence, nature, and severity of the reported emergency and take appropriate action. As soon as practical, the responding officer(s) will contact the Incident Commander, who is the Director of Public Safety.
- The Incident Commander will then establish an Incident Command Post, activate the MCLA Critical Incident Response Team, gather information, and disseminate orders to ensure every action for the protection of life and property, alleviation of human suffering and hardship, and maintenance or restoration of essential facilities and services is taken.
- As part of information collected during that initial response, designated MCLA staff authorized to do so can immediately activate the critical incident notification system and distribute pre-scripted messaging or instantly created messaging to campus community members with heightened accuracy and speed via telephone and cell phone voice calls, text messages, voicemail messages, and e-mail announcements.

The following MCLA staff has authorization to activate the Critical Incident Notification System:

- President, Vice President or designee
- Cabinet Members
- Director of Public Safety, Incident Commander or designee
- Critical Incident Response Team Members
- On-Duty Campus Police Supervisor

Authorization to send campus-wide notifications will be provided from the highest level listed above as practical and as circumstances will allow. **Notifications involving immediate life safety issues may be sent without delay and without prior authorization from the highest level.** MCLA emergency responders and authorities responsible for critical incident management will only delay the delivery of an emergency message if, in their professional judgment, doing so may compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency. In all instances this delay will be minimized to the shortest extent possible.

Distribution methods will be dependent upon the impacted population, available notification time, and geography. Recognizing complete notification of 100% of the campus population is not possible, MCLA will use as many communication methods as possible in an attempt to notify the largest percentage feasible of the impacted population, given the incident/emergency specifics. MCLA also has additional internal methods of notification to include campus websites, telephone intercom paging, community postings, use of local media resources such as television and radio, and direct notification through staff for emergency notification use.

The MCLA Critical Incident Response Team A and the Department of Public Safety – Campus Police are responsible for the coordination and testing of the MCLA Critical Incident Response Plan and Critical Incident Notification Procedures. Testing is completed on a semester basis and more extensively as determined necessary by the above campus entities. All tests are generally announced to the campus community based on the population and geographic areas to be tested via the campus email system.

INVESTIGATION OF MISSING STUDENTS

All campus community members are urged to make immediate notifications of any student (on-campus or off-campus) who may be a missing person to the MCLA Department of Public Safety – Campus Police by using the department's **Emergency Line at (413) 662-5100 or by dialing 911**. Personnel designated as Campus Security Authorities (*Campus Police, Residential Programs & Services staff, Student Affairs staff managing student conduct matters and student activities, and Human Resources staff*) are mandated by federal law to immediately make such notifications to Campus Police.

In addition, you may want to file a missing persons report to the following college officials.

Vice President of Student Affairs	(413) 662-5231 – 3 rd Floor, Campus Center
Associate Dean of Students	(413) 662-5231 – 3 rd Floor, Campus Center
Director, Residential Programs and Services	(413) 662-5249 – Townhouse 89
Residence Director, Residential Programs and Services	(413) 662-5249 – Townhouse 89
Resident Advisor, Residential Programs and Services	(413) 662-5249 – Townhouse 89

The MCLA Department of Public Safety – Campus Police complies with Public Law 108-21, Title II, Section 204, which is more commonly known as “Suzanne’s Law.” This law amends Section 3701(a) of the Crime Control Act of 1990 (42 U.S.C. 5779(a)), so that there is no waiting period before a law enforcement agency initiates an investigation of a missing person under the age of 21 and reports the missing person to the National Crime Information Center of the Department of Justice.

When a report(s) of a missing student is received, the following procedures are generally followed:

- Upon receipt of a report of a missing student, Campus Police Officers are immediately dispatched to the site of the complaint to conduct an initial assessment.
- Once on scene, they are able to confirm the existence and nature of the missing person report and take appropriate action. As soon as practical, the responding officer(s) will contact the Director of Public Safety.
- An immediate and full investigation will occur to include interviews of roommates, friends, Residential Programs & Services staff, professors, advisors, etc. Contact with local police agencies, hospitals, and any other resources will also be made. Every effort will be taken to determine when and where the missing person was last seen, clothing description, daily routines, frame of mind, owned vehicles, class schedules, clubs, organizations, etc... that can lead to locating the missing person.
- If the initial investigation reveals information that confirms the missing person report or the missing student’s health or safety may be in jeopardy for any reason, the Massachusetts State Police and the North Adams Police Department will be contacted for additional assistance. Information gathered about the missing person will be posted on the National Crime Information System computer network, as well as with regional and local law enforcement computer networks. This will occur as soon as possible, but no later than 24 hours after the person is confirmed missing. A decision may be made to request the assistance of the local media in helping to locate a missing person.

Important Notes: Each student has the option to register a confidential contact person to be notified in the case that student is determined to be missing. Only authorized campus personnel and law enforcement officials, in furtherance of a missing person investigation, may have access to this contact person. In the event a student does not designate such a confidential contact person, law enforcement will still be notified and fully investigate all reports of missing people. The parents or guardians of students who are under the age of 18 and not emancipated must and will be contacted within the 24 hour time-frame.

MISSING PERSON – NOTIFICATION PROCEDURES

MCLA will adhere to the following notification procedure for a missing student who resides in on campus housing.

- Any reports of missing students are to be referred immediately to the MCLA Department of Public Safety – Campus Police. If, after investigating the report, it is determined that the student has been missing for up to 24 hours or if the determination occurs sooner, the Vice President of Student Affairs will contact the individual identified by the student or the custodial parent or legal guardian if the student is under the age of 18 and not emancipated.

Note - MCLA reserves the right to contact family under emergency exceptions to FERPA law, when circumstances deem it appropriate to do so.

SECURITY AND ACCESS TO CAMPUS FACILITIES - RESIDENTIAL BUILDINGS

Massachusetts College of Liberal Arts houses approximately 1000 full-time students in three residence areas. Each of the residence areas is staffed by a Residence Director, a team of undergraduate students who serve as Resident Advisors and Residence Area Security Monitors who work at the main desks in each residence area.

The entrance doors and emergency exit alarm doors are important components of building security in the two traditional style residence halls, Berkshire Towers and Hoosac Hall. The outside main entrances to Berkshire Towers and Hoosac Hall are locked 24-hours a day. The entrance to these two residence halls is controlled by a card access security system, and proximity cards are issued to each building resident. Additionally, the Residence Area Security Monitors check College IDs as students enter. Students are cautioned not to prop these doors open or to allow people they do not know or who are not residents of the building to enter behind them. All individual rooms in Berkshire Towers and Hoosac Hall are also locked. Each resident is issued a key to his/her individual room and is responsible for locking it.

In the Flagg Townhouse Apartments, each resident is ultimately responsible for the security of his/her own apartment. Each resident receives two keys. One key is for the exterior doors of the apartment; the other is for the resident's room within the apartment. Townhouse residents are advised to keep their exterior apartment doors and individual room doors locked at all times; carry apartment keys with them at all times; not to store keys in stairwells, on light fixtures or in areas outside of the townhouse, and not to provide or lend their keys to others. Each apartment has a door viewer, and residents are advised to use them as a means to identify people before opening the doors to their apartments.

GUEST POLICY

All non-residents of a residence area are considered guests. A sign-in policy at the residence area main desk for all visitors is required. Both on-campus and off-campus visitors to a residence area must be escorted by their residence area sponsor at all times. Overnight visits by non-MCLA students are limited to a maximum stay of two nights within any seven-day period. This practice is managed through a guest pass process.

SECURITY AND ACCESS TO CAMPUS FACILITIES – ACADEMIC AND SUPPORT BUILDINGS

In addition to the three residence areas, there are 19 other buildings on campus comprised of four basic use categories; academic support, student support, administrative support or faculty/staff office spaces. Generally speaking, academic buildings are unlocked during the hours of 7:00 a.m. - 11:00 p.m.; administrative support buildings are unlocked during the hours of 8:30 a.m. - 5:00 p.m.; student support locations are unlocked during the hours of 8:30 a.m. - 5:00 p.m. with the exception being the Amsler Campus Center which is open 7:00 a.m. to midnight or later during special occasions or events and Freel Library which has flexible, need-based semester hours; faculty/staff office spaces remain locked at all times when not in use. Campus community members, guests, and invitees all have access to these buildings during the business hours noted above. During non-business hours, (typically between 11:00 p.m. - 7:00 a.m.) access to these buildings is restricted through the use of issued building keys or through special authorized admittance approved by the college administration and provided by the Department of Public Safety – Campus Police.

SECURITY AND MAINTENANCE CONSIDERATIONS OF CAMPUS FACILITIES

The security and maintenance of campus facilities is the responsibility of several departments throughout the college. Representatives from the Department of Public Safety – Campus Police, Facilities Department, and Residential Programs & Services all perform specific levels of routine maintenance, security checks, life safety surveys and inspections, and testing, as required by Massachusetts building, fire, and health codes. As an example, during the normal course of their patrols, Campus Police are responsible for the identification, documentation, and notification of any types of health and life safety hazards and to submit reports for correction of the same. Residence Life Staff perform regularly scheduled residence area and room inspections in an effort to identify, document, and correct violations of community living standards and maintain records of the condition of facilities. The Facilities Department is responsible for the management and correction of the majority of health, life safety, and general maintenance issues generated by the inspections mentioned above, as well as performing their own inspections on life safety systems such as building sprinkler systems, smoke and carbon monoxide detectors, and fire alarm systems.

DEPARTMENT OF PUBLIC SAFETY – CAMPUS POLICE AUTHORITY AND JURISDICTION

The MCLA Department of Public Safety – Campus Police is a proactive, full-time, law enforcement agency with the sworn duty to provide for the safety and security of the MCLA community. The department's jurisdictional responsibility comprises about twenty-five acres of land, containing twenty-two buildings, including three residence areas housing approximately 1000 students. In addition, there is an athletic complex comprised of seventy acres of land, three buildings about two miles away from the main campus, and two art galleries in downtown North Adams. All officers of the department are armed, sworn, and warranted police officers with powers of arrest under the authority of Massachusetts General Law Chapter 22C, Section 63. All officers are required to attend a state certified police academy, successfully complete the basic Campus Police Officer Field Training Program, and attend yearly in-service training to upgrade their skills and maintain state mandated certifications. This ensures the highest standards of professionalism are kept. Officers are trained in first aid, CPR/AED, and emergency medical procedures as First Responders. Campus Police Officers also complete quarterly firearms training required to meet Municipal Police Training Council and Massachusetts State Police Training Standards.

MCLA campus and residence areas are patrolled by Campus Police Officers on foot, on bicycle, and in a cruiser, 24-hours a day. With 24-hour, year-round coverage, they are able to provide assistance at any time for the following listed emergencies:

- Reporting a fire;

- Saving a life;
- Stopping a crime;
- Investigating reports of unusual people or circumstances;
- Major maintenance problems when maintenance staff cannot be reached; and
- Any problems related to health, safety or the protection of life and property needing immediate attention.

The Department of Public Safety – Campus Police has an excellent working relationship with all surrounding law enforcement agencies including the North Adams Police and the Massachusetts State Police. The Massachusetts State Police is a nearby resource to assist in the enforcement of local and state laws on campus. Criminal incidents are routinely reported to these two agencies. MCLA is also a lead partner in the area’s Regional Emergency Planning Committee.

State and local police provide backup on campus, upon request from the Department of Public Safety – Campus Police. City police provide the use of their lockup facility for people arrested by Campus Police Officers. State and local police provide information to the department in regards to off campus criminal incidents involving our students, either as victims or suspects. In addition, the Department of Public Safety – Campus Police is connected to the Law Enforcement Agencies Processing System, which contains criminal information and records entered on a nationwide scale.

MCLA does not operate any off-campus housing facilities, but does have off-campus organization and education related facilities located at the Massachusetts Museum of Contemporary Arts complex and several galleries in downtown North Adams and at the Silvio O. Conte and Berkshire Regional Transportation Intermodal hub in Pittsfield, MA. The Silvio O. Conte building entrance is monitored by Armed Protective Services Officers and metal detecting equipment. Campus Police Officers routinely patrol city streets which have a heavy concentration of college students in residence in proximity to the campus, as well as the two off-campus locations and athletic complex in North Adams. When an MCLA student is involved in an off-campus offense, MCLA Campus Police Officers may assist local law enforcement agencies with the investigation; however, the North Adams Police or the Massachusetts State Police have primary jurisdiction in all areas off campus.

SECURITY AWARENESS & CRIME PREVENTION PROGRAMMING

The Department of Public Safety – Campus Police and various other campus organizations collaborate throughout the year to present security awareness and crime prevention programming designed to inform college campus community members about campus security procedures and practices and to encourage them to be alert and vigilant around such issues. The department raises community awareness for students, parents, faculty, staff, and visitors to the campus by providing a variety of educational strategies and tips during new employee orientation sessions, first year student orientation sessions, Residential Programs & Services staff training sessions, residence hall floor meetings, periodic safety walks, and through public announcements to the community and student organizations. Additionally, campus community members are offered ways to prevent becoming victims of crime through dedicated bulletin boards, campus-wide poster campaigns, bulletins and crime alerts as needed, brochures, the college newspaper, campus electronic mail system, periodic safety walks, 24-hour/day access to the department web site and through the use of the college radio station. The Department of Public Safety – Campus Police offers an escort service for the college community 24-hours a day, 7 days a week.

ALCOHOL POLICY

The Department of Public Safety – Campus Police strictly enforces local, state, and federal laws regulating the possession, sale, consumption or furnishing of alcohol. MCLA intends for its students to abide by Massachusetts General Laws which prohibit those people under the age of 21 from possessing, purchasing or transporting alcoholic beverages. Those students who are of legal drinking age may possess alcoholic beverages in specific residence areas and under specific conditions, such

as specifically designated social events. Students of legal age who choose to possess and use alcohol must do so responsibly. Students who are 21 years of age may not consume, possess or otherwise use alcohol when a minor is present. Conversely, minors may not be present when/where there is alcohol present unless specifically approved. This standard applies both on and off campus. At no time are students allowed to possess on-campus (regardless of content) kegs, half-kegs, or similar "common" containers of beer such as "beer balls" and/or alcohol abuse apparatus such as funnels. Students are expected to become familiar and/or concerned with, where relevant, policies established by such offices as Residential Programs & Services and Public Safety before becoming involved in any event where alcoholic beverages are to be present. Behaviors resulting in violations of community standards as a result of improper use of alcohol will not be excused or mitigated.

DRUG POLICY

The Department of Public Safety – Campus Police strictly enforces local, state and federal laws regulating the possession, sale, use or furnishing of illegal drugs. In accordance with the General Laws of Massachusetts, the college, as an instrument of the state, is obliged to uphold and maintain standards in relation to illegal drugs and substances. Therefore, students alleged to be in violation of these standards can expect the college to pursue such matters through its regularly established judicial processes. The possession, use, distribution or sale of narcotics, hallucinogens or other dangerous and/or illegal drugs is prohibited. The possession or sale of drug related paraphernalia is also prohibited.

The college embraces wellness and, therefore, prohibits the use of any substance in a harmful or abusive manner. This may include over-the-counter substances or prescription drugs. Behaviors resulting in violations of community standards, as a result of improper use of drugs or other substances, will not be excused or provide justification for the college to mitigate its response to associated behaviors and violations.

Please find the complete listing of the MCLA employee and student substance abuse policies below. Additional copies are available from the Department of Public Safety – Campus Police, Student Affairs Division Office, Human Resources, Residential Programs & Services and Health Services and are also published on the MCLA web site and in the student handbook.

ALCOHOL AND DRUG PREAMBLE: POLICY AND PROCEDURES

MCLA is a community dedicated to the academic and personal development of its members and is committed to educational and social programs promoting these ends.

The use of illegal drugs and abuse of alcohol at the college workplace, on college property or at college activities both on and off campus impairs the safety and health of community members, inhibits the personal and academic growth of students, and undermines the public's confidence in the college. Only in an environment free of illegal drugs and alcohol abuse can the college fulfill its mission of developing the professional, social, cultural, and intellectual potential of each member of its community. For these reasons, it shall be the policy of MCLA that all College activities, college property, and the college workplace shall be free of the use of illegal drugs and the "abuse" of alcohol. MCLA recognizes the definition below of alcohol and other drug abuse.

The college considers substance abuse (alcohol and other drugs) to be a maladaptive pattern of substance use manifested by recurrent and significant adverse consequences related to the repeated use of substances. For example, there may be repeated failures to fulfill major role obligations, repeated use in situations in which it is physically hazardous, multiple legal problems, and recurrent social and interpersonal problems. Typically, these problems occur recurrently during the same 12-

month period. In other words, criteria for substance abuse include the harmful consequences of repeated use. As cited in the Diagnostic and Statistical Manual 5th edition, DSM V, 2013.

Responsible use of alcohol will be allowed at college activities and on college property only under specified conditions. First, possession and consumption are limited to persons of legal age and are confined to particular locations and/or events. Second, events where alcohol will be served, shall be managed through the campus dining services. Third, resident students who are of legal age shall observe the regulations that control the possession, use or distribution of alcohol within residence areas. Students should refer to the Resident Student Handbook and Guidelines for Community Living for these regulations.

The college affirms that fundamental responsibility for personal behavior associated with the use of alcohol rests with the individual; however, the college will provide constructive leadership for promoting a positive environment for its members. In addition, the college will maintain and enforce rules and regulations deemed appropriate and necessary to preserve conditions essential to academic and personal well being.

The principle aims of college policy concerning the use of alcoholic beverages on campus include:

- Providing balanced support for activities and programs for those who, by choice or by law, do not use alcoholic beverages;
- Reducing pressures on those who do not wish to use alcohol in social settings;
- Formulation and enforcement of regulations for social events and individual conduct encouraging responsible, moderate and safe use of alcoholic beverages; providing for discipline of those whose use of alcohol is associated in any way with infringements of the rights of other community members to pursue academic, personal, and social endeavors;
- Provision for information, educational programs and counseling services to support community interests and values affected by social and individual use of alcohol, to minimize problems associated with alcohol use, and to assist all students in pursuing their goals for educational and personal development; and
- Provide opportunity for community-wide participation in the formulation, dissemination, and enforcement regulations.

PROHIBITED CONDUCT

The students and staff of MCLA shall not unlawfully manufacture, distribute, dispense, possess or use controlled substances or alcohol on college property, in conjunction with any college activity or in the college workplace. No alcohol shall be present at any staff or student meetings or events where college business related efforts are being conducted. Responsible use of alcohol is allowed in this policy and is limited by the three conditions listed in section 1. Any individual who violates this prohibition will be subject to disciplinary action in accordance with the college's policies. Further, any employee or student employee must notify the Human Resources Director within five (5) days of being convicted of violating a criminal drug statute in the workplace. The college will notify appropriate authorities as required that an employee or student employee has been convicted of a drug-related offense within ten (10) days.

All resident students living in Berkshire Towers, Hoosac Hall or the Flagg Townhouses should familiarize themselves with the residence area alcohol and drug policies found in the Resident Student Handbook. This document is available to all students through Residential Programs & Services. All college guests are expected to adhere to college policies throughout their visit on campus or attendance at campus events and programs.

ALCOHOL AND OTHER DRUGS: EFFECTS AND ABUSE PREVENTION RESOURCES

Substance abuse programs have been developed which apply to the college as both an educational institution and a workplace. These programs are designed to:

- establish and enforce clear policies for employees and students that promote an educational environment free from the abuse of alcohol and the use of illegal drugs;
- educate all members of the campus community about the health risks associated with the use of illegal drugs and the abuse of alcohol;
- create a campus environment that promotes and reinforces healthy, responsible living and respect for community and campus standards and regulations; and
- provide intervention for alcohol abusers and users of illegal drugs through counseling, treatment, and referral.

Counseling Services and Health Services provide education on substance use and abuse. If students and/or employees have any questions concerning the health risks associated with the use of illegal drugs and the abuse of alcohol, they should contact Counseling Services, Health Services, the Employee Assistance Program or personal health care providers.

HELP AND INFORMATION CONCERNING THE HEALTH RISKS ASSOCIATED WITH DRUG AND ALCOHOL USE

CRIMINAL AND LEGAL SANCTIONS ASSOCIATED WITH DRUG AND ALCOHOL USE

Student Affairs and the Department of Public Safety – Campus Police maintain a list of the legal sanctions associated with alcohol and drug abuse. In general, severe sanctions may be imposed upon an individual who manufactures, distributes or possesses controlled substances such as marijuana, cocaine, crack or prescription drugs. The penalties may be doubled for offenses occurring on or near the college. These penalties include fines and imprisonment.

The illegal purchase of alcohol, the illegal possession of alcohol or providing alcohol to minors carries penalties including fines and imprisonment. Specific references may be obtained from the Department of Public Safety – Campus Police.

Further, the Department of Higher Education’s Alcohol Policy (BHE 99-02) incorporated into the guidelines for campus safety and security and campus codes of conduct adopted by the Board in May 1997, call on campuses to add to the list of zero tolerance offenses third offense underage possession or consumption of any alcoholic beverage following progressive discipline for the first two offenses.

Additionally, the Resident Student Handbook and the MCLA Student Handbook describe minimum mandatory sanctions that result from responsible findings in alcohol violations.

AMNESTY AND GOOD SAMARITAN POLICY

Policy Statement

Student health and safety are primary concerns of the Massachusetts College of Liberal Arts community. Students may be reluctant to seek help in incidents of crisis or medical emergency because

of potential student conduct consequences for themselves, the person in need of assistance or the organization hosting the event where the situation occurs. Since these emergencies are crisis related and/or potentially life threatening, MCLA seeks to reduce barriers to seeking assistance. MCLA students are expected to care for themselves and for others in the MCLA community by getting help from appropriate officials even when violations of the Community Standards have occurred. To this end, this Amnesty and Good Samaritan Policy was developed. In a crisis situation involving alcohol, drugs, and/or sexual assault (see below), the college strongly considers the positive impact of taking responsible action when determining the appropriate response for alleged policy violations relating to the incident. This means that no formal disciplinary actions will be assigned to the reporting student(s) or student in need of assistance for alcohol or drug possession violations relating to the incident. The incident will be documented. Additionally, educational and/or health interventions will be required as a condition of deferring disciplinary sanctions.

Purpose

The Amnesty and Good Samaritan Policy represents the college's commitment to increasing the likelihood that community members will call for assistance when faced with a crisis or an alcohol or drug-related emergency. The policy also promotes education for individuals who receive emergency medical attention related to their own use of alcohol or drugs in order to reduce the likelihood of future occurrences.

Sexual Assault

In a situation where a sexual assault (nonconsensual sexual penetration or nonconsensual sexual contact according to the sexual assault policy) is alleged to have been committed against any individual(s), students are encouraged to (1) contact MCLA Campus Police (413) 662-5100 or (ext. 5100), Residential Programs & Services (RPS) Staff, MCLA Counseling Services, the Student Affairs Division Office or other emergency officials to report the incident; (2) remain with the individual(s) needing support and cooperate with emergency personnel as long as it is safe to do so; and (3) meet with appropriate college officials after the incident and cooperate with any college investigation.

Alcohol/Drugs

Signs of serious intoxication/impairment include:

- Inability to rouse the person with loud shouting or vigorous shaking;
- Passed out;
- Semi-conscious; person goes in/out of consciousness;
- Slow (less than 8 breaths per minute) or irregular breathing or lapses in breathing of 10 seconds or more;
- Cold, clammy or bluish skin; and
- Vomiting while passed out, not waking up after vomiting or incoherent while vomiting.

Medical Emergency Reporting Procedures state that students are expected to contact the Department of Public Safety – Campus Police (413) 662-5100 or (ext. 5100) when they believe that assistance for a seriously intoxicated/impaired person is needed on campus. Students should seek immediate help if any of the above signs are present, as they indicate a potentially life-threatening emergency. The Department of Public Safety – Campus Police will assist seriously intoxicated/impaired individuals by facilitating transport to medical facilities or by taking other protective measures. In case of an off-campus medical emergency, students should call 911 for assistance by local police or medical professionals. If the seriously intoxicated/impaired individual is located within a residence area, a Resident Advisor (RA) or Residence Director (RD) should also be notified after the Department of Public Safety - Campus Police is called. A seriously intoxicated/impaired individual should never be left alone; therefore, at least one person should stay with the seriously intoxicated/impaired individual while another person makes these notifications.

Process

Whenever a student assists an alleged victim of sexual assault or a seriously intoxicated/impaired person in procuring the assistance of the Department of Public Safety – Campus Police, local or state police, Residential Programs & Services staff, medical professionals or any aforementioned party, neither the seriously intoxicated/impaired individual nor the individual or organization who assists will be subject to formal college disciplinary actions for using and/or possessing alcohol/drugs. This protocol does not preclude disciplinary action regarding other violations of college standards, such as causing or threatening physical harm, sexual assault, damage to property, harassment or hazing. Students should also be aware that this policy does not prevent action by local and state authorities. The Department of Public Safety – Campus Police and Residential Programs & Services staff will record names of intoxicated students to enable any follow-up that may be deemed necessary to ensure the wellbeing of students involved. Other information may also be as needed.

In order for this policy to apply, the intoxicated student(s) must agree to timely completion of recommended alcohol and/or drug education activities, assessment, and/or treatment depending on the level of concern for student health and safety. In addition, if the student is under 21 years of age the student's parents may be notified (of alcohol and drug matters only). If the student does not follow these stipulations, the student has violated the Amnesty and Good Samaritan Policy and is subject to the complete range of sanctions and penalties as outlined in the MCLA Student Handbook for any policy violations.

The Amnesty and Good Samaritan Policy may be used more than once. Students and organizations that help others in incidents of crisis or medical emergency are not limited to one use of the Amnesty and Good Samaritan Policy, as they should always feel empowered to help those in need. However, serious or repeated incidents will prompt a higher degree of medical concern and formal response from the college which may include an intervention and/or conduct action. Questions regarding the MCLA Amnesty and Good Samaritan policy should be directed to the Students Affairs Division Office.

RAPE AND SEXUAL ASSAULT HIGHER EDUCATION AMENDMENTS OF 1992 (SEXUAL ASSAULT-PUBLIC LAW 102-325)

This law contains a provision requiring colleges to develop and disseminate their sexual assault policies. In addition, colleges are required to collect statistics on "forcible" and "non-forcible" sex offenses.

SEXUAL VIOLENCE POLICY AND INFORMATION

OVERVIEW

MCLA is committed to creating and maintaining an environment where domestic violence, dating violence, stalking, sexual abuse, sexual assault, and rape are strictly prohibited and where all members of the college community are educated in preventing and reporting such incidents. All reports of domestic violence, dating violence, stalking, sexual abuse, sexual assault, and rape will be investigated and will result in disciplinary action, up to and including, dismissal from the college. The college will provide a prompt, fair, and impartial investigation and resolution of any and all reports.

The college does not tolerate sexual violence in any form. Sexual violence includes but is not limited to: domestic violence, dating violence, stalking, sexual abuse, sexual assault, and rape. These are violations of Commonwealth law and college policy. Any person charged with domestic violence, dating violence, stalking, sexual abuse, sexual assault, and/or rape can be prosecuted under Massachusetts criminal statutes and an MCLA student may also be disciplined under the MCLA student conduct process.

Under Massachusetts law, rape is a felony offense, punishable by imprisonment in a state prison. All acts of sexual violence violate state law, the college's Affirmative Action Policy, and Title IV. These laws and policies are violated in the case of same sex conduct as well. If found responsible under the college's student conduct code, a student could be removed from college residence areas and/or suspended or dismissed from the college. Even if criminal justice authorities choose not to prosecute an alleged assailant, student conduct action may be pursued if the college believes a policy violation has occurred.

If the college suspects a violation under this policy was committed by an enrolled MCLA student, the college may immediately suspend the alleged perpetrator from the residence areas and/or college pending the outcome of a hearing. Alternative academic or living arrangements for the accused and/or the survivor may also be made by the college, regardless of whether the alleged perpetrator is an enrolled student, if appropriate and reasonably available.

Many survivors of violent crime and especially survivors of sexual assault, experience emotional distress. Victims become survivors by taking control of their lives again. The process of surviving begins by making sure you receive the physical and emotional care you need. Also, it is important to learn about your rights. A student, staff or faculty member who is a victim of domestic violence, dating violence, stalking, sexual abuse, sexual assault, and rape is strongly encouraged to report the crime immediately to the MCLA Department of Public Safety – Campus Police. The college may provide support to survivors through a variety of resources including Counseling Services, Health Services, the MCLA Department of Public Safety – Campus Police, Residential Programs & Services, and the Student Affairs Division Office. It is each survivor's individual decision whether to report these crimes to the local police, but the college urges that reporting take place to help assure a safe living and working environment for the entire college community. Even if a survivor does not wish to pursue a criminal prosecution or initiate a formal complaint, the college urges that the victim notify campus authorities so appropriate support services can be pursued in an informed manner.

PROCEDURES FOR REPORTING SEXUAL VIOLENCE AT MCLA

All criminal actions or other emergencies occurring on campus should be reported to the MCLA Department of Public Safety – Campus Police. Public Safety staff will assist the victim in reporting the case of alleged sexual violence to other appropriate agencies. The emergency telephone number is (413) 662-5100, ext. 5100 from on campus or 911. If you are a victim and decide not to notify Public Safety, please:

- Get to a safe place
- Get immediate emotional support
- Get immediate medical attention

Victim Confidentiality - All police contacts with victims of sexual violence are private matters. Massachusetts law guarantees the privacy of victims of sexual violence. The identity of victims will be kept private and will not be released to anyone without the victim's consent, including college officials or the media. The college respects requests for confidentiality to the extent possible while following through with the obligation to investigate and respond to complaints of violations of this policy.

The victim has the option of reporting to law enforcement (on-campus and local police). The victim also has the option to be assisted by campus authorities in notifying law enforcement or to decline to notify such authorities if the victim so chooses. The victim may request orders of protection, no contact orders, restraining orders or similar lawful orders issued by a criminal, civil or tribal court. Where such orders are issued, the college will enforce such orders to the extent permissible by law.

Retaliation – All allegations of retaliation against reporters of allegations of sexual violence will be investigated and charges will be filed for all substantiated violations.

PRESERVATION OF EVIDENCE

If you are raped, sexually assaulted or otherwise victimized, please take the following action.

- Go to a safe place;
- Don't wash, douche or change clothes before getting help;
- Don't touch any evidence of struggle or disarray. If you choose to report the incident to the police (then or later), this evidence is very important;
- Seek medical attention;
- Try to engage the help of someone you trust to go with you;
- Seek professional counseling for support and to help prevent post-traumatic stress disorder.
- Don't isolate yourself;
- Be patient with yourself. It takes time to recover and trust again; and
- Don't blame yourself. The person who committed the assault is responsible. Sexual penetration without your consent (even with a date) is RAPE.

RIGHTS OF VICTIMS OF DOMESTIC VIOLENCE, DATING VIOLENCE, STALKING, SEXUAL ABUSE, SEXUAL ASSAULT, AND RAPE

Victims of domestic violence, dating violence, stalking, sexual abuse, sexual assault, and rape have the following rights regardless of whether they choose to report the crime to the MCLA Department of Public Safety – Campus Police or local law enforcement:

- To determine whether or not you want to cooperate with law enforcement authorities;
- To pursue disciplinary action against the perpetrator through the MCLA student conduct system;
- Be accommodated in the event of a disability;
- Have access to confidential counseling services by a trained counselor on or off-campus;
- Receive confidential support and information regarding the choices that are available;
- Have access to confidential medical treatment;

- No contact orders or judicial orders of protection;
- Fair, prompt, impartial investigations and resolutions conducted by college officials who receive annual training;
- Determine whether or not your parents will be notified;
- Not to be harassed by the perpetrator or the perpetrator's friends; and
- Receive updates as to the status of the Campus Title IX investigation.

THE STUDENT CONDUCT SYSTEM

Complaints for violations of this sexual violence policy or any other violation can be filed with the Office of the Associate Dean of Students. All complaints must be in writing, and procedural advice is readily available by contacting the Associate Dean of Students.

Any investigation and hearing will be conducted by officials, including students who sit on conduct boards, who receive annual training on:

- Issues related to domestic violence, dating violence, sexual assault, sexual abuse, stalking, and rape;
- How to conduct an investigation and hearing process that protects the safety of victims, promotes accountability, is prompt, and equitable; and
- How to protect the confidentiality of victims.

The evidentiary standard used in cases of domestic violence, dating violence, stalking, sexual abuse, sexual assault, and rape is the preponderance of the evidence.

Survivors are entitled to these additional rights within the College Student Conduct System:

- To have a person of the student's choice accompany the student throughout the student conduct hearing;
- To give testimony in the presence of the accused at the hearing or give evidence to the Judicial Board without physically appearing before the board through the use of a speaker telephone;
- To remain present during the entire proceeding; and
- Not to have one's irrelevant past sexual history discussed during the hearing.

Accused persons have the following rights within the College Student Conduct system:

- To have an immediate review of the suspension decision, if applicable;
- To have a person of the student's choice accompany the student throughout the hearing;
- To have access to information in a timely fashion so as to prepare appropriately for the hearing;
- To ask questions after the case has been presented in a hearing; and
- Not to have one's irrelevant past sexual history discussed during the hearing.

The college will simultaneously notify both the accuser and the accused, in writing, of:

- The outcome of the disciplinary proceeding;
- The procedures for the accused and the victim to appeal the results;
- Any change in the results that occurs prior to the time the results become final; and
- When the results become final.

RECOGNIZING WARNING SIGNS OF ABUSIVE BEHAVIOR AND HOW TO AVOID POTENTIAL ATTACKS

- Prevention is being alert and prepared;
- Lock your room at all times. Lock your townhouse door as well;
- Use the peephole in your door;
- Avoid poorly lighted streets, alleys, and pathways;
- Keep alert - if you see a person acting suspiciously, head for bright lights and people;
- Never walk/jog alone. Stick to a planned route and run with a friend;
- Never hitchhike;
- Be aware of your surroundings;
- Your first defense is noise - scream! Scream "fire" not "help" to attract more attention;
- Don't get in an elevator if there is someone suspicious already in the car;
- Convey confidence through body language. Walk with your head up and be alert;
- Don't mark your room key or key chain with your name, address or telephone number;
- If a person at a party insists or pressures you to accept a ride home, become suspicious and do not accept the offer;
- If you use alcohol, do so responsibly;
- Never leave your drink unattended;
- In a dating situation, define exactly what you want from a relationship;
- Always strive to say what you really mean. Be assertive. Maintain control over your personal life; and
- Trust your instincts. If you feel it is not right, it probably is not.

SEX OFFENDER REGISTRY AND ACCESS TO RELATED INFORMATION

The federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, went into effect October 28, 2002. The law requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a state concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a state to provide notice to each institution of higher education in that state at which the person is employed, carries on a vocation or is a student. In the Commonwealth of Massachusetts, convicted sex offenders must register with the Sex Offender Registry Board. Information concerning offenders registered with the Sex Offender Registry Board may be disclosed to any person 18 years of age or older requesting information on a specific individual in accordance with the law. Information regarding a specific person requested pursuant to the law shall be disseminated upon receipt of an official request form, which may be obtained through the City of North Adams Police Department. Information concerning offenders may also be available electronically through contact with the appropriate web site related to the Massachusetts Sex Offender Registry Board. The pertinent web site address for securing related information is: www.state.ma.sorb/

There is no specific statutory definition or crime of “dating violence” in Massachusetts other than what might exist under the ambit of M.G.L. Chapter 209A.*

Sexual Harassment. Sexual harassment is unwelcome conduct of a sexual nature. It includes unwelcome sexual advances; requests for sexual favors; and other verbal, nonverbal or physical conduct of a sexual nature. Sexual violence is a form of sexual harassment prohibited by Title IX.

Stalking. Under Massachusetts law, stalking is a willful and malicious pattern of conduct or series of acts over a period of time directed at a specific person which seriously alarms or annoys that person and would cause a reasonable person to suffer substantial emotional distress or the making of a threat with the intent to place the person in imminent fear of death or bodily injury. Mass. Gen. Laws c. 266, § 43.*

Sexual Assault. Sexual assault is charged as indecent assault and battery in Massachusetts. It is defined as a crime that occurs when the offender, without the victim's consent, intentionally has physical contact of a sexual nature with the victim. Mass. Gen. Laws c. 265, § 13H.

Rape. In Massachusetts, rape is the penetration of any bodily orifice by any part of the body, or by an object, performed against the victim's will, without consent, and with the threat of, or actual use of, force. Mass. Gen. Laws c. 265, § 22.

*The definitions of domestic violence, dating violence, and stalking also apply to same-sex relationships and domestic partners.

For additional information, please contact:

The Student Affairs Division Office at (413) 662-5231. A written explanation of the rights and options will be provided to students or employees who report to the College that they have been a victim of one of the aforementioned crimes.

Rape Awareness Education and Awareness Programs

Trained personnel at MCLA formed a Sexual Assault Prevention Workgroup which provides members of the campus community with numerous presentations on rape and sexual assault awareness, prevention education, and reporting throughout the academic year. As an example, programming like the Mentors in Violence Prevention Program from Northeastern University is offered and provides information on action steps which students are encouraged to consider in an effort to prevent sexual assault and rape. For more information on the Sexual Assault Prevention Workgroup and the programs offered, please contact the MCLA Counseling Center at (413) 662-5331 or MCLA Health Services at (413) 662-5421.

MASSACHUSETTS COLLEGE OF LIBERAL ARTS
ANNUAL FIRE SAFETY REPORT
Revised September 2014

POLICY FOR REPORTING THE ANNUAL DISCLOSURE OF FIRE SAFETY STATISTICS

The Massachusetts College of Liberal Arts is required by federal law to produce and make available by October 1st of each year, an annual report containing campus fire safety equipment and procedures, as well as statistics related to fires reported to the police and College officials for the last three consecutive years for all on-campus student housing areas. The MCLA Department of Public Safety – Campus Police prepares and distributes this report to comply with the Campus Fire Safety Right to Know Act established in the Higher Education Opportunity Act (Public Law 110-315) in August 2008. We work with many other campus departments and outside agencies, such as Facilities, Residential Programs & Services, the Student Affairs Division Office, and the North Adams Fire Department to compile the information contained in it. Specifically, fire related reports and referral statistics include those reported to the MCLA Department of Public Safety – Campus Police, designated campus officials, and local fire agencies noted above.

REPORTING A FIRE OR OTHER EMERGENCY ON CAMPUS

Fires in progress or other emergencies on campus should be reported to the Department of Public Safety – Campus Police immediately by dialing the **MCLA Campus Emergency Line at (413) 662-5100** or by dialing **911** to notify local emergency services responders. Upon receipt of the call, Campus Police Officers are immediately dispatched to the site of the report to take appropriate action and assist in the evacuation of building occupants. Officers prepare and submit fire incident reports through the Department of Public Safety – Campus Police. Reports may then be distributed to the Student Affairs Division Office, Residential Programs & Services (RPS) and to local and state police and fire agencies, as necessary.

Arson or other fire-related criminal incidents may be investigated with the assistance of the Massachusetts State Police Fire Marshal's Office or the North Adams Fire Department. Complaints are filed with the Northern Berkshire District Court. The Berkshire County District Attorney's Office handles all criminal complaints for prosecution submitted by the MCLA Department of Public Safety – Campus Police.

In addition, you may want to make any fire related reports not in progress to the following College officials.

Vice President of Student Affairs	(413) 662-5231 – 3 rd Floor, Campus Center
Associate Dean of Students	(413) 662-5231 – 3 rd Floor, Campus Center
Director, Residential Programs & Services (RPS)	(413) 662-5249 – Townhouse 89
Residence Director, RPS	(413) 662-5249 – Townhouse 89
Resident Advisor, RPS	(413) 662-5249 – Townhouse 89
Director, Facilities Department	(413) 662-5099 – Facilities Building

GENERAL STATEMENT OF COLLEGE-OWNED/CONTROLLED ON-CAMPUS STUDENT HOUSING FIRE SAFETY EQUIPMENT

At MCLA, each of the residence areas is equipped with a variety of fire safety equipment. This equipment can include fire extinguishers, hard wired and local smoke detectors, hard-wired heat detectors, exit signs, emergency lights, hard-wired carbon monoxide detectors, kitchen fire blankets (where applicable) and sprinkler and chemical fire protection systems. The fire alarm system in each residence area consists of “state-of-the-art” equipment. It provides excellent fire detection and warning capability and is VERY sensitive.

Fire alarm conditions report directly to the MCLA Department of Public Safety Dispatch and the North Adams Public Safety Department Dispatch, both of which are monitored 24 hours a day, year-round. Detailed fire safety equipment information, by residence area, is provided in the tables below.

PROCEDURE FOR STUDENT HOUSING EVACUATION

All residents must vacate the building when the fire alarm sounds or when instructed by a campus official acting within the scope of their authority orders such. Evacuation procedures for each specific residence area are covered by Residential Programs & Services – Resident Advisors during initial semester floor/section meetings. Evacuation drills are conducted for each student residence building twice a year, once at the beginning of each semester.

Whenever you hear the building alarm sound or are instructed to evacuate by a college official acting within the performance of their duties, please take the following action.

- **Do not** panic.
- **Do not** ignore the alarm or request.
- **Leave** the building immediately in an orderly fashion. If you are the last person out of a room, close doors (**Not Lock**) behind you.
- **Do not** take time to go to collect personal items.
- **Follow** the quickest evacuation route from where you are to the nearest **marked** exit. Be familiar with alternate routes and exits.
- **Do not** use elevators.
- Meetings, events, etc. **must** be dismissed for evacuation out of the building.
- **Do not** go back to your room or dorm for **any** reason.
- **Proceed** to the nearest evacuation assembly point (**EAP**) for your building. If the designated EAP is unsafe or blocked, proceed to an alternate assembly point via the quickest and safest route.
- **Stay** at the EAP until you are told it is ok to leave by emergency personnel.
- **Report** any knowledge regarding missing people or people still in the building to emergency personnel.
- **Never** go back into an evacuated building or area unless directed to do so by emergency personnel or a college official acting within the performance of their duties.

BUILDING EVACUATION – MOBILITY IMPAIRED

Any person unable to use stairs or needing assistance in evacuating a building should proceed to the nearest designated "safe room/area" or remain in their dorm room if it is safe to do so. Emergency personnel will check safe room/areas and other places they are notified of where someone has taken shelter.

If you are on a building floor **WITHOUT** a main building exterior entry/exit doorway and you hear a fire alarm or are ordered to evacuate, please take the following action.

- **Go** to the nearest designated safe room/area immediately.
- **Inform** a building occupant or dial the Campus Police Emergency Line at extension 5100 to alert responding emergency personnel to your location.
- **Call 911** to ensure rescue personnel are notified of your presence and location inside a building.
- **Tell** them you need immediate assistance evacuating, your exact location (building name, floor, room number, stairwell, etc.), give the phone number you are calling from, and remain by the phone. Emergency dispatchers have direct communication with responding personnel and may need more information from you to assist their efforts to evacuate you.

If you are on a building floor **WITH** a main building exterior entry/exit door and you are able to do so, please take the following action.

- **Leave** the area by normal means if it is safe to do so.
- **Ask** for the assistance of other building evacuees if necessary.
