Summer Student Housing Program

Sunday, May 20 - Friday, August 10, 2018

Residential Programs & Services at MCLA

In order to participate in the Summer Student Housing Program (SSHP), you must be an MCLA student enrolled in summer classes, an academic internship, an undergraduate research project and/or working full-time on campus or in the local area.

Due to the constraints of summer conferences and construction projects, we are not able to offer on-campus housing before the SSHP starts or after the SSHP ends. Students need to move out of the residence areas no later than Monday, May 7th and return to campus for the Summer Student Housing Program no earlier than Sunday, May 20th. Likewise, students need to vacate their summer assignment no later than Friday, August 10th and not return for fall check-in until Monday, September 3rd.

NOTE: Storage for student belongings is not available before or after the Summer Student Housing Program. All belongings must be brought home or stored elsewhere. A listing of local storage facilities is available at the RPS office in Townhouse #89.
