

DEGREE COMPLETION PROGRAM

BUSINESS ADMINISTRATION

BACHELOR OF SCIENCE

Students graduating from the Business Administration program will gain a competitive advantage in today's increasingly global market. Students will develop a broad-based understanding of business operations, management, finance, strategy, business policy, and communications. The program provides a combination of academic challenge and practical focus in a collaborative learning environment facilitated by outstanding faculty.

- Cohort-style learning provides peer support for students who are managing work and family demands.
- Acceptance to the program requires an associate degree or 45 to 75 transfer credits, and a minimum 2.0 GPA.
- Classes are offered in a fully online, live synchronous format allowing you to earn your degree from almost anywhere.
- 7 week sessions with meetings one evening per week.
- Opportunity to earn credit for life and work experience.
- Graduates of the program may be eligible to enroll in MCLA's Master of Business Administration (MBA) degree program.
- Financial aid is available to those who qualify.
