

Registration Information for Spring 2022

Online registration using Self-Service Banner (SSB) is open from October 29 – November 16. Students should register during this registration period to maximize course availability and minimize course cancellations. Students will receive notification of their assigned registration time via their campus email. Students unable to register when their appointed time opens may do so at a later time during the assigned registration period, but NOT BEFORE their appointed start time.

Academic Advising is Required

Schedule an appointment with your academic advisor to discuss course selection for Spring 2022 semester. Registration PINs will be distributed to students through their advisors. The alternate PIN is required to access online registration.

MCLA Student Self-Service Registration Instructions

- Log onto the MCLA campus portal: <https://portal.mcla.edu/>
- Select **Banner** from the blue header bar.
- Select *Student*, then *Registration*.
- Click on *Select Term*, then select *Spring 2022* from the drop-down menu.
- Select *Add or Drop Classes*. You will be prompted to enter the alternate registration PIN referred to above. If you have determined the CRN for the courses you want from your meeting with your advisor, you can enter them at the bottom of the online form. You can also search for sections using the *Class Search* button. When your list is complete, select the *Submit Changes* button.
- If the registration is successful, you will see “** Web Registered **” under *Status* in your class schedule.
- If there are problems with the registration, you will see a red stop sign and a message indicating “Registration Add Errors.” The reason for the error will display under *Status*. Common errors are:

“**Time Conflict with XXXX**” – choose a section meeting at a different time.

“**CORQ_XXXX REQ**” – you have selected a course that has another course connected to it. You must register for both courses to complete the registration. For example, many science courses include lectures and labs. If you register for the lecture (or lab) only, you will get this error message. The part of the error where the XXXX appears will tell you the class you need to add. Add the CRN for the missing part and resubmit.

“**Closed Section**” – go back to “*Class Search*” and choose another section.

“**PREQ and TEST SCORE ERROR**” – you have selected a course for which you do not have proper prerequisites. Consult with your advisor to determine if it is possible to pursue an override. Students may submit an Override Form.

Check the [Printable Spring 2022 Undergraduate Schedule - Dept Sort](#) schedule for prerequisites and/or special permission requirements. Students cannot register online for some “special permission” courses. Prerequisite overrides can only be [authorized by the instructor](#) through Self-Service Banner, or when a student fills out the Override Form.

Questions? Problems? Special Circumstances? Call the Student Records Office at 662-5216. We are here to help you.

Registration Information for Spring 2022

REGISTRATION HOLDS

You will not be allowed to register if you have an outstanding obligation to the Bursar's Office, Residential Programs & Services (RPS), Health Services, or any outstanding parking or library fines. You are urged to check for holds on your account in Banner Self-Service and resolve any issues with the appropriate department.

REGISTRATION COURSE LIMIT

Students may register for up to 18 credits during registration. Students who wish to carry more than 18 credit hours for a semester must secure their advisor's permission on a [course overload form](#)*.

*Students entering MCLA Fall 2019 and after will be subject to additional course overload fees.

EXCHANGE PROGRAM WITH WILLIAMS COLLEGE/BERKSHIRE COMMUNITY COLLEGE

MCLA, in conjunction with Williams College and Berkshire Community College, allows full-time matriculated students, in good standing, to cross register in courses not offered at the student's home campus (does NOT include winter or summer sessions) . Contact the Registrar's Office for additional information (413-662-5389 or email registrar@mcla.edu). Availability of this program may be impacted by the COVID-19 pandemic.

COLLEGE ACADEMIC PROGRAM SHARING (CAPS)

CAPS is designed to allow students to enroll at another Massachusetts State University while maintaining degree status at MCLA. Students must have an overall GPA of 2.0 and have earned a minimum of 30 credits to be eligible to participate in the CAPS program. Interested students should contact the Student Records Office for a CAPS registration form and other pertinent information. The deadline for filing a CAPS registration is the last day of online registration, November 16, 2021. CAPS applies to the Massachusetts State University System and is not available at U Mass campuses.

AFFIDAVITS OF VOTER REGISTRATION

Massachusetts General Laws, Chapter 51, Section 42E (Section 17 of chapter 475 of the Acts of 1993) mandates that information about mail-in affidavits of Voter registration forms be available at all locations where students register for classes. Students may request a voter registration form or register to vote by visiting: <https://www.vote.org/register-to-vote/>
