- Install: Week of Jun 29 | Deinstall: Week of Aug 3

**Overview**

MCLA's MOSAIC invites local artists to submit proposals for rotating window installations in the storefront windows at 49 Main Street, North Adams. This initiative aims to enliven Main Street by transforming these windows into creative, publicly accessible art spaces visible 24/7. Selected artists will have one week to install their work, which will remain on view for four weeks, followed by one week to deinstall. Artists are responsible for providing all materials and labor for installation and deinstallation. There is a \$250 stipend for selected artists. MOSAIC will supply project signage and promote each installation through social media.
